## To the Seniors

You have come now to the end of your high school course, but the joy of graduation is perhaps mingled with a note of sadness. Your journey so far has been pleasant; there have been few disappointments. As you take your places in society, you will find that joys and disappointments exist there, as in school. In these days of keen competition you will have to work.

We have enjoyed working with you as a class and as individuals. With some of you this acquaintance has been only for the high school period and perhaps a part of the grades, while with others it began before you were old enough to go to school. We have watched your progress through the grades and high school with much pleasure.

The teachers have labored to acquaint you with some of the sources of knowledge and to make familiar certain ideals of character and right living. Whatever vocation you may elect to follow, it is the hope of your teachers that you will put into practice some of those high ideals that were presented to you during your school days. You might, with profit, accept this maxim:

"Let every man be occupied, and occupied in the highest employment of which his nature is capable."

As you go your respective ways, we wish for each of you a most successful, useful, and happy life.

## Seniors

As freshman here long years ago

We took with adoration

Whatever seniors would bestow

From their exalted station.

A glance was really quite a prize,

A word? It was a treasure.

A sentence,—one of any size,

Was then our utmost pleasure.

Now seniors we, ours to bestow

The word, the glance, the smile,

Or torment those so far below,

And laugh at them the while.

How much we've gained from then till now,

And how the time has sped;

But to the future we must bow:

How much yet lies ahead!

## National Honor Society

The National Honor Society, which was established in Rensselaer High School in 1924, emphasizes scholarship, and with it those other qualities that go to make up splendid citizens in the school and in the community. This organization is intended to stimulate scholarship in the high schools, much the same in purpose as Phi Beta Kappa in colleges and universities. The students are chosen upon the following merits, in addition to that of scholarship: leadership, service, and character.

The following students were elected to membership from the class of 1928: Ernest Graham, Betty Miller, Margaret Wild, Mary Alice Warren, Sarah Hunt, and Esther Arnott.

Class Flower—Carnation.

Class Colors—Green and White.

On September 1, 1924, Rensselaer High School became the host of eighty-four boys and girls, the class of '28. Robert May was elected president for the first year of their visit. Although totally ignorant of all the customs of R. H. S., these promising young people soon learned all the necessary rules and regulations. By the end of their first year even the upper classmen were forced to admit that the class of '28 was an ideal guest.

In the fall of 1925 this same group, considerably lessened in number, accepted the invitation of R. H. S. to make another visit. Raleigh Phegley was elected president. This year the class was determined to pay back in some way the kindness of their host. Accordingly many of the boys took an active part in athletics and others won prizes in the County Latin test and in the County Declamation Contest. Two of the class were winners in the Goodfellowship contest.

In 1926 this class congregated in the halls of R. H. S. for the third time. Raleigh Phegley was again elected president. This year was a very successful one for this class. Their "prom" was a success—socially as well as financially. Three members won places in the Goodfellowship contest. Two took part in the County Latin test and many won R's in athletics.

Forty have returned to R. H. S. for their fourth and last year as the guests of Rensselaer High School. For the third time they elected Raleigh Phegley president—thus showing their appreciation of his work as president. Two were elected as good-fellows, and several of the boys received R's for their work in athletics. The visit of the class of '28 with R. H. S. has come to an end, and each must go out into the world to find a home elsewhere,—but carrying with him a tender memory of his high school career.

## NATION PLUNGED INTO DARK DESPAIR

### President Assassinated

The nation was plunged into the depths of sorrow when the news of the untimely death of our beloved president, Margaret E. Wild, was flashed through the air. The gruesome discovery was made by her faithful private secretary, Lucille Hemphill, who had returned to the office in search of her most treasured possession, namely: a black sweater with four bars and a star. Miss Hemphill was almost overcome by the ghastliness of the affair, but with her usual fortitude she had presence of mind enough to send a riot call to the police and notify Chief of the Secret Service, Claude Jones, Chief of Police, Maurice Harris, with his usual celerity, responded to the call. Chiefs Harris and Jones, after careful investigation, report the deed was undoubtedly committed by a former suitor of President Wild.

A bottle, half-filled with some mysterious liquid, and a white linen handkerchief bearing the initials T. N. T., which were found in a remote corner of the room, are the only clues to the perpetrator of the deed.

President Wild's desk was in its usual perfect order, symbolical of her great efficiency. Her well-chewed fountain pen lying by her open typewriter was an untidy evidence of an un-

## NO WORD FROM MARTIAN FLYERS

### Scientists Suggest Collision with Comet

As yet no word has been received from the renowned fliers, Mildred Wasson and Betty Miller, who started off this morning from the courthouse square in "High Spirits," their specially constructed rocket, with Mars as their destination. Just before leaving they announced that they would keep in touch with us continually by radio, but their messages ceased abruptly after twelve o'clock.

Some scientists suggest the possibility of collision with a comet, due to miscalculations. This is of course possible, but it is improbable. We are awaiting definite news from our interstellar correspondent, Mary Wortley.

## Student Government Proves Fatal to R. H. S. Teachers

The Supreme Court of the student government had the greatest case they have ever handled brought before them Friday when Mr. Francis Karry, superintendent of city schools and widely known as the author of "Why I Distrust Matrimony" and "These Women" was accused of violating a law of the Constitution, Article IV, Section VII. This article states that no student or teacher of R. H. S. must be seen in company with one of the

## WEALTHY WOMAN GRIEVES FOR PET

### Offers Munificent Reward

The utmost sympathy is extended to Miss Margaret Cook, one of Chicago's most popular society belles, because of the mysterious disappearance of her pet after its heroic deed of saving Mr. George Robinson from a deserving death in the fire which destroyed the No Cash (?) Walk-out Hotel last Thursday. From Mr. Robinson's story he was in the wilds of Africa and was just facing a mighty gorilla when he suddenly awoke and saw one swing in through the window and come to his bedside. Mr. Robinson fell but jumped from the 150th story to escape the beast. He rushed to safety just as the famous hotel collapsed.

Mr. Robinson's imagination was very good, for the gorilla was only Miss Cook's pet monkey, which has not been seen since the terrible disaster.

## EMINENT SCIENTIST INVENTS CAMERA TO PHOTOGRAPH THOUGHTS

Recently the renowned scientist, Mr. Goldsberry, completed a brilliantly successful test of his latest creation, a camera which will photograph thoughts! Using Mr. Reed, his janitor, for his first subject, Mr. Goldsberry directed the camera at Mr. Reed's head. Mr. Reed, of course, being held absolutely still in a chair of special design. Then the scientist allowed a two-minute exposure, after which he removed the plate from the camera and developed it. To his great astonishment and vexation the plate was absolutely blank. Muttering something about "too thick a skull," he then called in his friend and lawyer, Mr. K. Putt, to take Mr. Reed's place in the chair. Again a blank plate was the result!

Mr. Goldsberry stared at the plate for a moment and then remarked audibly, "Nothing there. That explains why he couldn't put that deal through!" Highly disgusted, he hastily summoned Mr. Robinson, the millionaire toothpick manufacturer. A third trial, and at last—success! On the developed plate appeared the image of a beautiful, young—, but we promised to keep Mr. Robinson's secret.

Mr. Goldsberry has already very generously offered to turn his in-

EDITORIAL

Now, dear readers, let us have a few moments of quiet contemplation to rest ourselves from this noisy, bustling world. After all the excitement of the day, what could be more pleasant than to sit before the fireplace with its cheerful, glowing logs and just reflect? But let us get down to our subject.

Is it not splendid to have a place where you may go every day and eagerly glean a little information? Is it not a wonderful privilege to have kind, thoughtful, unselfish instructors who are so gentle and patient in guiding your feet up the steep path of knowledge? Do you often stop to think how many more provisions are made for your happiness than were made for the happiness of the previous generation? As you hasten happily off to school in the morning, you are, of course, too much enthralled by the anticipation of the many fascinating facts which your learned instructors will reveal to you with their characteristically ingenious methods, turning history and English into delightful romances,

and mathematics and science into the most charming and awe-inspiring types of modern magic, to give much thought to the consideration of the fact that your parents were not so fortunate as to get to enjoy the magnificent advantages which you of course deeply appreciate, though not, however, as much as you should.

You obviously owe much more to the preceding generation than you can ever repay. So, if one of your much respected teachers, being overburdened by his work, should become downcast at being unable to help you as much as he desires, what would please him more than a kind word and a bouquet? If you have no other flowers, why not take the golden dandelion? What matters it if you have only a dandelion with which to express your love?

To illustrate, let us quote one of our eminent boot-leggers who said on one occasion, "The spirits are there if the bottle is cracked."

Fond Memories

(A poem written in 1938 by the Reverend John Charles Hill.)  
Oh, ten long years have passed away  
Since that last, dim Commencement Day,  
My hair is quickly turning gray  
(Ah truly!)

When e'er I think of R. H. S.  
I think of peace and happiness.  
Those dear old walls may Heaven bless!

A last lingering ray of sunlight cast its gleam on a single red rose placed before a picture of a handsome naval officer. The detectives have been unable to distinguish the signature which was below the picture, and the identity of this man has thus far remained an unfathomable mystery.

The world breathlessly awaits the result of the investigation.

Former R. H. S. Students Establish School In Orient

Last Monday Mr. E. Graham and Mrs. M. A. Warren Graham sailed from New York for China. They will spend the next month in learning to speak and write the Chinese language. They expect to master the language and become leaders of a new school being established in the interior of China. They hope to be able to teach the pure English language to the young students, trusting no American slang has yet reached the ears of the isolated tribes.

ANSWERS TO CORRESPONDENCE

L. Seible: Falling hair may be avoided by jumping quickly aside whenever you see it coming your way.

C. Reed: Freckles may be prised out with an ice pick. Should this fail try blasting with dynamite.

V. Telfer: To keep your stove from going out at night, put it out in the afternoon.

A. Shindler: If your feet are too large, drink condensed milk.

A. Warren: Bad nails can be avoided by driving them in with a hammer.

H. Eaton: To tell whether or not you are a victim of this insidious affliction, halitosis, go to a little child for the answer, because your best friends will not tell you.

S. Hunt: A leak in the roof will stop as soon as the storm is over.

## HERE AND THERE

A farewell party was given last week in honor of Miss Esther Arnett, who will leave soon to teach the Anti-Saloon principles at Burrough's Camp. Miss Arnett's many friends wish her well in this new undertaking.

Mrs. G. Robinson, whose divorce case was completed last week, has left for London, where she will spend several months. Mrs. Robinson (née Hartman) is very prominent in the social life of London and Paris.

It is reported that four former R. H. S. graduates will sponsor the Junior League dance at Parr next month. This is a great honor that is coveted by many. Those favored are Misses Ona Hooker, Helen Bruce, Leona Schafer and Mildred Kerlin.

Miss Avanelle Warren, the world-famed violinist, sailed for Paris today to join the Paris Opera Company. It has been rumored that Miss Warren has refused the hand of a well-known wealthy broker, preferring a musical career to the duties of a society leader.

Mr. Raleigh Phegley was arrested today on the charge of boot-legging and wife-beating. Many will remember him as one of the most promising youths ever graduated from R. H. S. Life brings many such disappointments.

Mademoiselle Henrietta Eaton arrived in Rensselaer from an extensive trip through the Orient. While abroad she made a further study of things occult. She is now able to reveal your past as well as present and future. She has been very suc-

cessful in her career, having foretold many of the marvelous events that have occurred within the past several years.

Miss Valeria Telfer, after a strenuous season at Miami Beach, is resting at her country home near McCoysburg. She would welcome any news concerning the whereabouts of her husband (No. 5). She is sure anyone would know him, for he had blue eyes and brown hair with a reddish tendency. When she left for Miami last November, he was wearing a brown sweater, a gray cap, and red tweed knickers, size: plus 40's.

Miss Millie Selby, manicurist at the Hoosier Inn, flew to Paris last night in her plane, "The Spirit of Camphor." Miss Selby did not divulge her intentions to the press, but it is understood she is to marry a rich count of Austria. Some say, however, he is no count. The many friends of Miss Selby hope for the best.

Mr. and Mrs. Keith Putt left for New York last week in their new airplane (Honeymoon) to attend a studio tea given by A. B. Shindler in Greenwich Village.

GREENWICH VILLAGE  
SCENE OF GAIETY

A. B. Shindler Delightful as Host

A. B. Shindler, who has won fame as the accompanist for Madame Strausinski, entertained a number of friends recently at a soirée at his strikingly furnished studio in Greenwich Village.

The guests began to arrive at half past nine and continued to arrive into the wee small

hours of the morning. The first guest to arrive was Dr. Robert Turfler, of Havana, Cuba, the first time in history that Dr. Turfler was known to appear on time. He was closely followed by Mr. and Mrs. Timothy Eger, who were displaying a new seashell pink sport Fordson. Mr. and Mrs. Putt, of Rensselaer, arrived in their plane, Honeymoon. Due to congested traffic Mr. and Mrs. Putt were delayed and arrived only in time for the farwells. Other guests known to the people of R. H. S. were: Congresswoman Florence Wright and her brother, Robert, of Washington, D. C.; Miss Mildred Ramey, who acted as reporter from the New York Times; Misses Georgena McCallum and Charlotte Chamberlin; Reverend John Charles Hill and Professor Robinson.

The evening's entertainment consisted of the very thrilling and intellectual game of tidledly-winks. This soon proved to be too strenuous, and the evening was given over to a spelling-bee and a crocheting match. The guests departed at an early hour in order that they would be home in time for lunch the next day.

PUTT-WISEMAN  
NUPTIALS

A very charming and effective wedding ceremony was solemnized at the People's Elopement Church, Friday evening.

The church was tastefully and beautifully decorated with dandelions, sunflowers, and asparagus. The bride, who was given in marriage by her father, was charmingly attired in a gown of scarlet velvet with a long train, which was carried by two train bearers, the bride's twin sisters. She carried a bouquet of rare orchids and snapdragons. The bridesmaids were attired in yellow brocaded transparent drooping green pants ornamented with large red roses. They carried bouquets of morning glories and sweet williams.

The double ring ceremony was used, after which the bridal party departed to the home of the bride, where an elaborate dinner was served.

The menu, which was entirely original, consisted of:

Frog Cocktail  
Goat-a-la-king  
Cow-buttered beans  
Whipped Irishers  
Asparagus in egg shells  
Charlotte Russe  
Chasse

Immediately after the dinner the couple left for New York, from which place they will sail to Europe on the "Donforgetchagirl." The bride was beautiful in a sport ensemble of tan.

They will be at home at 3609 Main St., Reno, Nevada. All their friends wish them happiness, and they hope the Reno atmosphere will have no bad effects upon their wedded life.

HALTED ON BRINK  
OF CHAMPIONSHIP

R. H. S. Quintet Defeated by New York Champions

Mr. Thomas Wilcox was elected last fall to the position of head coach at R. H. S., where he follows in the footsteps of E. G. Harrison, who has been retired on a pension. His basketball team has just closed a successful season, having gone to the finals in the national basketball tournament. His flashy little team was defeated, after a fast and furious battle, by the New York five. It will be interesting to many to know that Lawrence Arnott, one of the older alumni of R. H. S., was one of the sponsors of the tournament. He is now a prominent Wall Street financier but has not forgotten his love for sports.

Later in the court procedure Miss Johnson was able to appear and she fervently verified

The jury was gone from the court room more than an hour, trying to decide upon the verdict. Upon their return there was a death-like silence in the room when the foreman arose to render the decision. Since this was the first offense of its kind, the jury saw fit to be lenient with this couple, and the decision was: Mr. Karry and his home should be guarded every night for six months, and Miss Johnson must not be seen in company of any man for the same length of time.

This, it is hoped, will be an example for the other teachers and students, and it is thought with such enforcement of laws there will exist at R. H. S. a very pious group of students and teachers.

The class of nineteen twenty-nine entered R. H. S. with ninety members. During our freshman year one of our group won the county Latin contest, and one of our boys took first place in the Goodfellowship contest.

In our sophomore year we had several men on the varsity team. One of the girls had the lead in the operetta, which is quite an honor for a sophomore. One of our members again won the county Latin contest.

This year we entered R. H. S. with sixty-seven juniors. Many honors have been added to the list. Several had leading parts in the operetta, and many of our boys participated in athletics. One of our girls won first place in the local vocal tryouts. Another one of our girls won second place in the Goodfellowship contest this year. Our class is full of "pep", and we plan to do more than our bit to bring honor to old R. H. S.

The class of 1930 from the first has had the reputation of being the brightest (?) and most orderly (?) class that ever passed through the high school doors. During the time we were "those little eighth graders" and freshmen, probably no one realized our own importance so much as we ourselves did.

Oh! the mysteries of those first class meetings when Ellis Hopkins, our president, deported himself so ably. At those times we planned our class parties which were so well (?) attended! But with the help and advice of Miss Huber and Mr. Bundy we have succeeded in conducting and attending them better during our sophomore year.

As sophomores our dignity and calm demeanor has been unequaled. We have looked with half disdainful amusement upon the antics of the freshmen. Our class was well represented in athletics and one of our girls had the leading role in the operetta.

We pass with haste over the memorable times when we were called to the office to receive praise (?) for our excellent behavior in the halls and class rooms, and to receive our "don'ts" for the future.

*"All things come round to him who will but wait."*

We entered with a blaze of glory  
 As all the Freshies do,  
 But not without some strong misgivings  
 As to the courses we would pursue.  
 Latin and algebra and French  
 All held their fears for us;  
 But through the semesters we've plodded,  
 Because we knew that we must.  
 And now that our year is 'most over—  
 A successful year, we think—  
 Although our number is somewhat depleted,  
 We're not quite ready to sink.

The publishing of the Chaos, which deals with the happenings throughout the year as a whole, is one of the hardest tasks among the varied activities in the high school. The staff is divided into various sections, each finding its duties numerous and often difficult. They are kept quite busy choosing a theme and making the general plan of the book. Then follows the taking of pictures and reducing and mounting them for cuts. An endless amount of time is spent in typing, and in preparing the art and literary work, which contributes so much to the success of the annual. But now that the worry is all over and the book is completed, the staff would like to express a word of thanks to all those who, through their loyal co-operation and earnest efforts, have aided us in putting out this volume.

*"Left behind as a memory for us."*

English Critic	Miss Allison

The purpose of this organization is to publish the Rensselaerian, our high school paper, which deals mainly with two things, that of keeping a record of the live news that occurs each month and to promote a better school spirit in the student body. The Rensselaerian is the only means by which the students may voice their opinions, and it is the wish of the staff to have this done with courtesy and efficiency. The paper as a whole compares favorably with newspapers of schools larger than ours. As the work goes on each staff profits by the other's errors, and consequently the publishing of the paper has improved a hundred-fold.

*"A good intention clothes itself with sudden power."*

The Hi-Y Club of Rensselaer High School has been one of the most important activities of the school for four years. The club was organized in 1925, with fourteen charter members. Now the membership is limited to thirty, and there are nearly that many members enrolled. Membership to the club is open to any boy in the three upper classes, provided he is willing to subscribe to and live up to the high purposes of the club.

The chief principles of the club throughout are "clean speech, clean scholarship, clean sportsmanship, and clean living." The purpose of the club is "to create, maintain, and extend, throughout the school and community, higher standards of Christian character."

*"Your destiny is that of a man, and your vows that of a god."*

## The Dramatic Club

President	Betty Miller
Vice-President	Sarah Hunt
Secretary	Esther Arnott
Treasurer	Walter Burrell
Faculty Advisor	Miss Marguerite Norris

The Masque and Wig Dramatic Club was organized during the school year of 1925-26. Its purpose is to give the members a clearer understanding of dramatics and to give them the assurance and poise that comes only by repeated appearances before an audience. The members are chosen by try outs. All upper classmen are eligible to try out if they are passing in all subjects. The club presents two short plays during the year. The productions this year were "The Unseen" and "Miss Molly".

We, the Seniors, are the last of the charter members, and we wish the future dramatic club as much success as we have had.

*"The play is the thing."*

Last year the commercial club carried off many honors for a club of its size. We sent three teams to the district contest at Logansport, where Mary Wortley won individual honors, entitling her to compete in the state contest which was held at Muncie. Of course, we were very proud to be represented in the state contest.

This year the club is much larger, and we are planning to send four teams instead of two to the district contest which, this year, is to be held at Valparaiso. The district has been enlarged, and we are to compete with several larger schools this year. Some of our members have already shown that they are able to do splendid work, and we believe that we have a good chance to win in the contest this year. We have earned money to send our teams by giving a dinner to the teachers who attended institute here, and by selling jello.

Bottom Row: Jeannette Kresler, Esther Arnott, Elmer Ihne, Eugene Conrad, Mildred Heuson, Morgan Sterrett, Miss Shindler.

The orchestra of Rensselaer High School, under the splendid leadership of Miss Ona Shindler, musical director, has had a very successful year and will be able to fulfill all their engagements for the year: dramatic club plays, May Day, class night, senior class play, and commencement. They have also given one of the assembly programs, and they are entered in the county orchestra contest, in which they won first place last year.

Two members of the orchestra, Avanelle Warren and Sarah Hunt, were sent to Indianapolis during the Indiana State Teachers' Association to play in the all-state orchestra. Avanelle Warren won first place in the county violin contest, and Andrew Shindler won first place in the county piano contest.

This band is composed of students of the high school, grammar, and primary grades. During the winter months many new members have joined, and to these Prof. Tonner has given special training.

This band gives concerts every Wednesday night throughout the summer months. They also play during the May Day program, Educational day program, and at the County Fair.

During the winter the band has received an almost entire new set of music, and under the leadership of Mr. Tonner they ought to give some very fine concerts this summer.

## Sunshine Society

President	Lela Belle Maines
Vice-President	Dorothy Anderson
Secretary and Treasurer	Elsie Hayes
Faculty Advisor	Miss Grace Norris

The Sunshine Society of the Rensselaer High School was organized April 14, 1922. All the girls in high school are members, with Miss Grace Norris as faculty advisor.

The new members are initiated each year by a "candlelight service," which is very impressive as well as beautiful. This is followed by a "rough" initiation, which is also impressed upon the minds of the newcomers.

The society promotes the spirit of sunshine in the community as it does in the school. The social spirit is not its only object, but charity is also part of the work. At Christmas time baskets of food are distributed among the needy families of the city, the articles being donated by the members. Net stockings are also made by the girls and filled with nuts, apples, oranges, and candy and taken to the inmates of the county farm.

Each and every one of the girls is ready and willing to help spread the spirit of sunshine and to make other people happier. By doing this they themselves become happy.

## Home Economics Club

For the past several years it has been the custom for the girls in the Home Economics department of the school to organize a club. This year proved to be no exception, and consequently the first meeting was held at the home of Miss Clarke, and the following officers were elected: Tid Wright, president; Charlotte Chamberlin, vice-president; Jewel Wiseman, secretary.

Meetings were held throughout the year at the homes of the various members. Wednesday night of every other week was set aside for Home Economics club.

The purpose of the club was to create an interest in sewing. A great deal of enthusiasm has been shown and with the aid of Miss Clarke the girls have accomplished wonders at these meetings.

*"A stitch in time saves nine."*

## Goodfellowship Contest

AMY PHEGLEY

First

The honor of the "goodfellow girl" goes to a freshman this year. Though Amy has just started her high school career, she has already proved herself worthy of the title which has been bestowed upon her. She is willing, capable, and bristling with vitality. Amy is a true representative of class and school.

ERNEST GRAHAM

First

No one could be more deserving of first place as a "goodfellow" than Ernie. Through his four years of untiring efforts for the betterment of the school, he has won many friends and has held them through his loyalty and sincerity. Ernie is not only respected by the student body, but he is also held in high esteem by the faculty. He stands unusually high in the scholastic field and has been a great benefactor to many school organizations.

MILDRED RAMEY

Second

Mildred, a member of that notorious and vivacious Junior class, snatched second place for the girls. She is ever thoughtful and always greets one with her habitual smile. "Carrots" (so-called because of her crowning glory) has done a great deal for her class and alma mater.

ANDREW SHINDLER

Second

Both "good fellow boys" were members of the Senior class, the second place going to Andrew Shindler. Andy was not here his first and second years, but has certainly made up for that in his last two busy years. He has been our most talented musician during his R. H. S. career, playing for nearly all of the school functions. Through the most trying periods of his work "Andy" has always been generous with his time and has met all difficulties with a characteristic broad grin.

*"Good will is the mightiest practical force in the universe."*

## Pickles

"Pickles," or "In Old Vienna," was an operetta, in three acts, given by Rensselaer High School, in the high school auditorium, Nov. 16 and 17, 1927. The operetta was directed by our very capable music director, Miss Ona Shindler, assisted by Miss Martindale, Miss Brier, and Mr. Covert.

Jonas Pennington, an American millionaire pickle manufacturer, with his daughter, June, arrives in Vienna amidst preparations for the annual carnival. To his consternation he finds Jones, his advertising expert, advertising Pennington's Peter Piper Pickles too well. An old acquaintance, Lady Vivian, a wealthy English woman, also arrives on her annual quest in search of her daughter, who was lost near Vienna at carnival time when a baby. Kinski, the pompous police chief, plots to substitute the lost child of Lady Vivian and marry her for the fortune.

A band of gypsies visits the carnival, led by Jigo, the chieftain, and his supposed daughter, Ilona. Events lead all to the Gypsies' camp, where a magic pool reveals the face of Lady Vivian's daughter. Arthur Crefont, a poor artist, wins recognition of his art and also the hand of June Pennington. Lady Vivian consents to be Mrs. Pennington; Kinski's plot is exposed; Ilona is restored to her mother, and Jones is rewarded with success in his campaign for the hand of Ilona.

The May Fete has been given for several years by the Rensselaer schools—and is each year considered one of the most pleasing events of the whole school year. It is a beautiful affair—with the fantastic and colorful costumes against the green of the lovely little park. In the evening the orchestra, under the leadership of Miss Shindler, the band, under the leadership of Mr. Tonner, and the freshman and advanced choruses, led by Miss Shindler, give a program. This is also given in the park.

## Football

On September 24, after three weeks of hard practice, Rensselaer began her football season, which netted our team seven victories, with no losses. At this time they met and defeated the Lowell eleven in an easy game, the final score being 25-0.

The following Saturday, October 1, the Rensselaer team met the heavy Attica crew on Attica's field. The game was played on a muddy field, and part of it in the rain. Costly fumbles and a slippery ball kept the ball continually changing hands, but Rensselaer, after trailing at the half 7-0, came back and won by a score of 12-7.

Rensselaer annexed her third straight win this year when they won against Crown Point's team on Rensselaer's field. The game was well in the hands of the victorious eleven throughout. This victory was "sweet revenge" for the tie of last year's game. At the end of the game we were leading by a score of 30-6.

A fourth consecutive victory was added to our schedule by the defeat of the "highly tooted" Monticello eleven, at Monticello. This team has been a foe of Rensselaer in sports for many years, and especially in football the last two years, when they have lost only two games, Rensselaer being the conqueror each time.

The fifth victory was added to Rensselaer's list when they defeated Jefferson, of Lafayette, 32-0. The local eleven had the game in hand but were many times endangered by the furious attacks of the Jefferson team.

Rensselaer annexed her sixth victory of the season at the expense of the "West Side" team, of Lafayette. The game was "nip and tuck" throughout, and many times Rensselaer's goal was besieged by the West Siders, but "The Harrison Herd" again defended their title of unbeaten elevens. The game ended with the score 6-0 in favor of R. H. S.

Rensselaer High School entered the list of select few who are laying claim to the championship by defeating Kentland, on the local field, 26-0. The victory was the seventh straight for the Red and Black, thus closing the season without a defeat or a tie. It has been through Mr. Harrison's loyal efforts that Rensselaer has been able to gain this honor.

The Rotary Club and community paid tribute to the high school gridders of '27-'28 on January 19, at a banquet held at the Christian Church. The banquet was under the supervision of Dr. Gwin and the Rotary Club. Several distinguished guests from Purdue were the speakers of the evening, Coach Phelan, assistant coach, Kiser, and Olson, captain-elect of the Purdue team. Harry G. Leslie, speaker of the Indiana Legislature, was another guest. The evening's entertainment was devoted to singing and brief talks, and to end the evening of gaiety Denver Tudor was elected captain of the 1928 football team.

## Basketball

1927-28

The Red and Black opened their basketball season with a victory over Fair Oaks, and followed with eleven victories and five defeats.

### COUNTY TOURNAMENT

January 27-28

Rensselaer won the Jasper County basketball championship when they defeated Remington 42-35 in a double overtime game. They then defeated the Kniman team by a score of 44-18. The Red and Black won the right to play Fair Oaks in the final, which ended with the score being 28-10 in our favor. In this tourney, which was held at Remington, everyone showed splendid sportsmanship.

### SECTIONAL TOURNAMENT

The sectional basketball tournament, also held at Remington, was won by Goodland, when they defeated Rensselaer, Fair Oaks, Tefft, and Remington. Rensselaer was defeated by Goodland in an "upset" game, by a score of 24-21. Many "upsets" featured the tournament: Rensselaer beaten by Goodland; Morocco lost to Remington; Remington defeated Brook.

### CLASS TOURNAMENT

The annual class tournament began March 10. The eighth grade furnished a team, and with the four high school teams and one from the faculty, furnished some interesting games for the spectators. Competition was very keen this year, because everyone was allowed to play—even the members of the basketball squad who did not receive their major letters. The faculty team dropped out on the final round, leaving the field for the five grades. The juniors won the banner by winning five games and losing none.

The games were refereed by Raleigh Phegley, Walter McColly, and Woodrow Harris.

### BASKETBALL BANQUET

The junior and senior classes and their sponsors have set the date, April 17, for the banquet extended to the basketball team of 1927-28. Members of the squad and men of the faculty will be guests. The program is being arranged, and everything will be done for the entertainment of the team. After the banquet a captain will be elected for the following season.

Any girl in the high school of advanced freshmen standing or above is eligible to G. A. A. membership. This year we took in a class of twenty-four freshmen girls, which makes our total membership seventy-seven.

Our officers are Betty Miller, president; Sarah Hunt, vice-president; Jewel Wiseman, secretary; and Mary Alice Warren, treasurer. They are assisted by the sports' chairmen, who are Jewel Wiseman, baseball; Louise Axen, hiking; Natalie Barnes, skating; and basketball managers from each class. The sophomores, captained by Dorothy Heinz, won the baseball tournament held in the fall. There is also to be a baseball team picked from all the girls in school to play against the Remington girls' team in May. When this page went to the printer, the strong junior basketball team, with Devora Potts as captain, was in the lead.

The girl from each class who has made the highest number of points during the year, in accordance with our point system, is awarded an honor at the end of the year. The senior girl who has the highest point rating will be given a small silver loving cup. The high point winners from the other classes will be given an arm band award, with "G. A. ## Bologna

How often must we hear them say,  
 "Enjoy your schooldays while you may;  
 Your *work*? Why, it is only play."  
 Bologna!

Says Grandad, "What a chance to train  
 Your young and undeveloped brain!  
 If I were you I'd not complain!"  
 Bologna!

And mother says, "Oh my! Dear me!  
 Not *one* responsibility!  
 If I could only be as free!"  
 Bologna!

Aunt Abby says, "If for to-night  
 Time would turn back in its swift flight  
 To study I'd stay up all night!"  
 Bologna!

The elder brother's next to speak.  
 Says he, "You lazy little freak,  
 Just wait until you try this Greek!"  
 Bologna!

If this is then our happy time,  
 Why life itself's not worth a dime!  
 In fact it's all, like this poor rhyme,  
 Bologna.

Passing the blame for any trouble on to the woman is a very old habit, as the following story will prove:

At the close of a hot day, Adam was returning, with his hoe on his shoulder, from a hard day's labor, to his humble cottage. Maybe it was a cave. That doesn't matter, for it was a humble abode. Young Cain was running ahead, boylike, throwing rocks at the birds. Suddenly they came upon a beautiful garden. "Oh, father!" said Cain, "look at that beautiful garden. I wish we could live there."

"We did live in that garden," said Adam regretfully, "until your mother ate us out of house and home."

—

"You can take your finger off that leak now, Father."

"Thank Heaven! Is the plumber here at last?"

"No—the house is on fire."

—

"What was the Sherman Act?"

"Marching through Georgia."

—

"Which travels fastest—heat or cold?"

"Heat."

"What makes you think so?"

"Because one can catch cold."

—

"I understand that our friend has six new lawsuits."

"Is that so? He always was a classy dresser."

### AN AID TO FOREIGNERS

How to master the American language in five minutes.

Memorize these phrases and your success is insured against failure:

"And how"

"Me, too"

"Oh, oh!"

"What, no—(dash represents any vegetable)

"You tell 'um"

"Yah"

"Nope"

\* \* \* \*

Dud:—"I don't need any speedometer on my car. I can easily tell the speed."

Everett:—"How do you do that?"

Dud:—"When I go 15 miles an hour, my lamp rattles; when I go 20 miles an hour, my mudguards rattle; and at 25 miles an hour, my bones rattle."

\* \* \* \*

### EFFICIENCY

"How does Blinks trim down office expenses?"

"He puts the postage stamps on the window ledge when it rains, so as to save the time licking them."

\* \* \* \*

### DEFYING GRAVITATION

Two Irishmen were being drilled in marching tactics. One was new at the business, and his companion explained orders to him.

"Now," said Mike, "when he says 'Halt' you bring the foot that's on the ground to the side of the foot that's in the air and remain motionless."

\* \* \* \*

### IN THE MELTING-POT

"Next."—"Who, me?" "Born?"—"Yes, sir." "Where?"—"Russia." "What part?"—"All of me." "Why did you leave Russia?"—"I couldn't bring it with me." "Where were your forefathers born?"—"I only got one father." "Your business?"—"Rotten!" "Where is Washington?"—"He's dead." "I mean the capital of the United States?"—"They loaned it all to Europe." "Now, do you promise to support the Constitution?"—"Me? How can I? I've got a wife and six children to support."

\* \* \* \*

### WHAT SHE THOUGHT

Geo: I sure told Helen what I thought of her.

Chas: And what did she say?

Geo: She said she loved me, too.

\* \* \* \*

### "ALEXANDER"

"I hear that Romer's Flea Circus got stranded in Allentown."

"Yes—the leading lady ran off with a poodle."

### THE PROFESSOR RETURNS

The absent-minded professor posted a letter without a stamp. When it came back he looked in his mouth and found the stamp on his tongue.

Doc:—Do you sleep on the flat of your back?

Patient:—No, the back of my flat.

## A Memory Book

**I**N future years you will look at this annual. We know it will recall pleasant memories. Also we know that you can point with pride to this book then as you do now.

You have done your work well. Our small part of co-operating with you has brought us satisfaction.

We are glad to have been chosen as your printers.

## A CHOICE OF WORDS

After having paid a fine of \$5 and costs, a certain man directed some rather indelicate language at Justice Cooney of Compton, and then ran.

An officer captured him, brought him before the justice, who fined him \$10 more. "Had you been more chaste and refined in your language," said the justice, "you would not have been chased and refined."

## STUDENTS THAT CAUSE THEIR PROF. TO GROW GRAY

The "A" student who can't see why he made a "B".  
The student who forgets his Monday excuse.  
Those who visit in Assembly.  
The bluffer.  
That unprepared student who starts long discussions.  
The credit hound.  
That bored young person.  
The student that just must talk.

"Mother, am I your canoe?"  
"Certainly not. What makes you think that?"  
"Well, you are always saying you like to see people paddle their own canoes."

Dud:—"Will you have a peanut?"  
Dale:—"Thanks, I shell."

Mrs. Hightone:—"Oh, yes, we can trace our ancestors back to—to—well to I don't know exactly who, but we've been descending for centuries.

"How do you feel?" asked the physician who had been called to attend a seamstress.  
"Oh, sew-sew, but I seam worse today and have stitches in my side."  
The doctor hemmed and told her she would mend soon.

We saw our Father-land.

The following advertisements appeared in various papers some years ago:

"Bull dog for sale; will eat anything; very fond of children."  
"Wanted: a boy to be partly outside and partly behind the counter."  
"Widow in comfortable circumstances wishes to marry two sons."  
"Animal sale now on. Don't go elsewhere to be cheated. Come here."  
"A lady wants to sell her piano as she is going abroad with a strong iron frame."  
"Wanted: an airy bedroom for a gentleman 22 feet long and 11 feet wide."  
"A carload of bricks came in for a walk through the park."  
"Wanted: a house for a family of about five rooms."

## REMINISCENCE

*Memory brightens up the past,  
As when the sun concealed  
Behind some cloud that near us hangs,  
Shines on a distant field.*

—WILLIAM SHAKESPEARE

Perhaps it is well that human nature deploras the present and glorifies the past. In idle moments it is comforting to permit the mind to shine back on distant fields of pleasant experiences.

Thus, this memory book will serve you and prove the source of real future pleasure. For Stafford combines these elements with the artistry, the quality and the workmanship which entitle it to bear the phrase . . .
